## Rural Mail Route to Malmo to be Established

Leaves Wetaskiwin Three Days a Week. Proposed Line of Route. W. H. Eggleston has Contract.

It will be gratifying news to the people living in the Lewisville, Malmo and Ringwall districts to know that a rural route delivery is to be established by the post office department as soon as the necessary arrangements can be made. According to the report out of the sixty-two slide residents, forty-eight have agreed to purchase and erect boxes and the route will be established in the very near future.

The following will be the line of route: Leave Wetaskiwin Monday, Wednesday and Friday, at eight o'clock, and travel east between sections 13-12, 18-7, and south between sections 7-5, 6-5, 13-12, 20-29, and between 20-20, south between 20-21, 11-16, 8-9, 5-4, east between 4-33, 3-34, 2-35, 1-36, south between 36-31, 25-30, south between 25-21, south between 23-24, 14-13, east between 13-12, 13-7, 17-8, south between north half 8-9, across

## Town Topics

Mrs. H. C. R. Walker announces that will receive on Tuesday, January 20th and not again this season.

Dr. R. D. Robertson made a business trip to the Capital on Tuesday afternoon.

Mrs. R. A. Elliott expects to return from her three months visit with friends in Winnipeg on Sunday morning.

Mr. and Mrs. B. S. Cameron of Lacombe spent the weekend in the city guests at the home of Mr. and Mrs. F. L. Talbot.

If you have a farm to rent see my ad on first page. Edw. H. O'Brien.

The Tom Marks Company, which played here for the first three nights of the week, were greeted with good houses each night on Wednesday afternoon. They put on a matinee for children.

N. P. Nelson of Wetaskiwin, spent an enjoyable ten days visiting with his old friends in the Hazel Hill district. Mr. Nelson will be back to live in that district in the not distant future.—Ponoka Herald.

Inspector G. Fred McNally M.A., who has been appointed principal of the normal school under construction at Camrose will leave in a few days for N. York where he will take a special post-graduate course at Columbia university on pedagogy.—Calgary News Telegram.

In the election of division six of local improvement district No. 458 for councillor on Monday last, the vote was not as large as expected, only 43 votes being polled. Of this number, E. R. Rasmussen the former councillor received 23, and his opponent John Maynard received 15.

Chas. D. Egan's poultry house was entirely destroyed by fire early Tuesday morning and about a dozen of his fowls perished. The cause of the fire is a mystery. It was not caused by hot ashes. The poultry were pure bred, many of them being prize winners, and the loss is considerable to Mr. Egan.

Dont forget Gold fish Day at Higgins, Saturday.

Among the property deals put through this week was the selling of the Criterion Hotel to D. V. Osborn of Youngstown, who will take possession on Feb. 2nd. The hotel was handled through the office of Bleiler & Co. It is the intention of Mr. Osborn to go to the Port George district as soon as he can get his business affairs in shape.

Wm. McAllister, who has been one of the prosperous and successful farmers of the Lewisville district, for several years, has leased his farm of 100 acres to J. Johnson and J. Stewart of Oregon for the yearly rental of \$1,000 cash. Mr. McAllister is having an auction sale on Feb. 26th, and will later take up his residence in Edmonton.

Final arrangements are being concluded for the holding of the annual bazaar here. Permission permitting the "spiel" will commence on Tuesday morning, Jan. 27th. A number of local risks will enter the competition, and is expected that a large number of out of town rings will be here. The prizes are the best ever offered for a Wetaskiwin bazaar, and are better than trophies ever offered by any club, excepting possibly Edmonton and Calgary.

Two gold fish and a globe free with a 50c purchase of Rexall Goods at The Rexall Store Saturday.

NOTED FEMALE CHARACTER

In "The Deep Purple" which comes to Angus Theatre, Wednesday, January 21st, Ada Daniels acts vividly and persuasively as a reformed thief and confidence woman. This woman has indicated her reform by opening a furnished room house but she is compelled, because of her participation in shady deals in the past, to maintain relations cordially with a band of thieves who were associates before her reform.

Paul Armstrong one of the authors of this play, was recently asked where he studied the original "Prison Kate."

"All over the world," he replied, "wherever there is crime," there are women like Kate Fallon. Nine times in ten the woman who has been bad, and nearing the thirties in life, desires to reform.

The psychology of this is easy to the student of big city life. The criminal bent on reform is never sure of himself, or herself, for the police operate to kill confidence.

## Crystals Again Defeat Camrose

Wetaskiwin Boys Defeat Rivals Tuesday Night and Practically Cinch Championship.

The Wetaskiwin Crystals again demonstrated their prowess as hockey players, when they defeated their rivals the Camrose team, for their own ice on Tuesday evening of this week and thereby practically clinched the championship of the Western division of the Battle River Hockey League. The game is reported to be a good one, although not quite as fast as the game played here last week. On account of the heavy condition of the ice, it was decided to play three periods of twenty minutes. The game was kept close in, but by Referee Pearce, and little rock work was indulged in.

The puck was faced off at 8:15 and the play was from end to end of the rink, until F. Herie, with a nice shot from the wing, made the first tally after five minutes play. This was followed a few minutes later when a pass by Poole was picked up by James. The Camroses, however, then rallied and scored twice before the end of the first period. Lake and James made a nice rush, and with combination work, scored the third for Wetaskiwin. Scores at the end of the first period: Crystals 3, Camrose 2.

The play during this second period was very even, the only score being made by James, thirteen minutes before the end of the period.

P. O. Box 451, Wetaskiwin  
Office: John Ochs' Shoe Store

An evidence that we have given satisfaction as auctioneers, where we formerly resided, we publish the following selected from the many recommendations in our possession:

**LEOTT STATE BANK**  
Leoti, Kansas, Dec. 1st '13  
To whom it may concern:  
We have known Bender Brothers for the last six years and have always found them honest and reliable men. We have clerked a number of sales where they were the Auctioneers and they gave good satisfaction.

Yours truly  
**HUGH REES,**  
Cashier.

**DEERFIELD STATE BANK**  
Deerfield, Kans., Dec. 8th, '13  
To whom it may concern:  
We take pleasure in stating that we have attended several sales where the Bender Brothers were the auctioneers, and will say that we consider that they have been successful in handling sales in this vicinity. They are hard, earnest, workers, and made a combination among the people here that was hard to beat. We believe any one desiring assistance in these line will not regret having given them a trial.

Respectfully,  
**C. B. CAMPBELL,**  
Cashier.

**THE ELBOW GRAPHIC**  
To whom it may concern:  
This is to certify that Fred Bender, who has carried on business in Elbow and district for twelve or fourteen months, during which time he has conducted numerous sales, is personally known to us and we recommend him to anyone desiring the services of a first class auctioneer.

**THE ELBOW GRAPHIC**

## You Can Cure CONSTIPATION By The Use Of MILBURN'S LAXA-LIVER PILLS.

A free motion of the bowels daily should be the rule of every one, for if the bowels do not move daily constipation is sure to follow and bring in its train many other troubles when the bowels become clogged up. You get Headaches, Jaundice, Piles, Heartburn, Floating Specks before the eyes, Catarrh of the Stomach, and those tried weary feelings which follow the wrong action of the liver.

Mrs. Elsie A. Ayer, Pawcett Hill, N.B., writes:—"I was troubled with constipation for many years, and about three years ago my husband wanted me to try Milburn's Laxa-Liver Pills as they had cured him. I got a vial, and took them, and by the time I had taken three vials I was cured. I always keep them on hand, and when I need a mild laxative I take one."

Milburn's Laxa-Liver Pills are 25c. a vial, 5 vials for \$1.25. At all dealers. Mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**HIGH QUALITY OF LAST SEASON'S GRAIN CROP**

Ottawa, Jan. 5.—The exceptionally high quality of last season's crop and its unusually rapid shipment to the market, are indicated by the figures just completed by the board of trade and commerce for the four months ending December 31, 1913. During that period no fewer than 106,652 cars of wheat were inspected and of this large quantity 98 per cent, graded No. 1 Northern and better. The number is nearly 30,000 in excess of the number inspected during the corresponding period for 1912 and the average grain is much higher. No less than 57,000 cars graded No. 1 Manitoba Northerns as against 9,787 cars for the year before. There were 671 cars of Manitoba hard, as against 392 the year before. The four months' total number of cars of grain inspected was 149,393, against 100,149 for the corresponding period of 1913.

When Robert Yowley, one of the wipers engaged at the Roundhouse, was putting some oil in the fire to "light up" his engine on Tuesday last, he little thought what a bad time he was in for. No sooner had he poured in the oil, than the fireman kept out at him, and he was very badly burned about the face and arms. He was immediately rushed to Dr. Caldwell who promptly attended to his burns, and we are pleased to report that he is making good progress towards recovery. —Hardisty Advt.

## CAMROSE (From the Canadian)

In a letter to a friend in Camrose Mr. Francois Adam states that he and his family will return in the spring from Diest, Belgium and again occupy their Camrose residence.

W. J. Hoover and L. V. Williams have been appointed by the Camrose agriculture society to attend the meeting of the Alberta Fairs Association in Calgary. At this meeting an effort will be made to have Camrose fair dates set down for early in August.

The Camrose Lutheran College reopened for the winter term on Friday January 2nd. There is now an enrollment of 37 students. New students are arriving every day.

The appointment is announced this week of Dr. J. C. Miller, principal of the normal school to the position of director of Technical Education for the province of Alberta.

At a time when real estate operations are at low ebb throughout the west, John McMillan, local capitalist has shown his unbounded faith in the future of Camrose by purchasing over \$20,000 worth of Mac and Mac inside property during the past few weeks.

Robert E. Fox, managing of the Royal Bank of Canada at Camrose, and Miss Ethel M. Clinch, daughter of Mrs. E. G. Clinch of No. 538 Northampton street, Eaton, Penn. city, were married at 4:30 p.m. Tuesday, Dec. 30th at the Reformed church by Rev. E. P. Foremyer.

On Monday afternoon a few hours before the administration of the affairs of the town, passed into the hands of Mayor Twomey, the members of the 1903 council met and cleared last year's business of the slate as far as the passing of accounts was concerned before the meeting adjourned Council Sanborn as Deputy Mayor addressed in excellent terms the high esteem in which Ex-mayor Layton is held by the citizens of Camrose. And at the same time it was presented with ahr sidrome set of sterling silver

**GUESS WHAT MILLIONAIRES ARE DOING WITH THEIR MONEY**

Do you know what the men with money are doing with it? What are they putting their coin to work at, we mean No, not bonds, gold mines, real estate or real estate. Well, we might as well tell you now. They are buying pure-bred live stock, the best that they can get and putting it to work on their farm lands. They are not doing this with a jump and a hurrah just for the fun of making a splash No, not these long headed fellows who wish their money to be working night and day and a bit overtime if possible. They are finding out that it pays and pays big. It is as sure as night and day. Too, you should have seen them snap up cattle at the International Live Stock Exposition at Chicago. Millionaire cattle barons, senators, ex-governors, railroad magnates, and men of means and standing in other lines, bought cattle, horses, sheep and hogs and bought the best that the owners could part with. One Tennessee millionaire went into the Angus sale rings and snapped up several head at sums ranging from \$500 to \$2,000. Not being able to get enough in the auction ring he went out to the judging ring and bought several winners. He was starting a herd and wanted to start right. This is only one case. There are others, while the number of millionaire exhibitors were legion. Don't get the idea that this was a millionaire's show however, as it is the greatest college and common breeder show as well as millionaire show. There were Wall Street men, authors, editors, lumber men, bankers, big politicians and club-men with strings of sheep, cattle or horses showing here. Those men were excited and pleased over a winning by their sheep and steers as some of the college boys.

But the point is that live stock is getting to be a gilt edge investment, one that is attracting more capital and more men of standing every day. These fellows are not doing this for the sake of sentiment, or not very many of them are. Those sentimental days of the farm back home are rare. These are wide-awake hustling business men who are legitimate investors, and they are putting their money where they can get returns on it. The hog, the sheep, the horse or the steer is a good investment.

Mr. G. Francis of Delburne was in town on Monday looking over the business men who were legitimate investors, and they are putting their money where they can get returns on it. The hog, the sheep, the horse or the steer is a good investment.

Some of those who were present when it was decided to take a census of the town entered into a guessing contest as to who could come nearest to the correct figure. To R. T. Tolford, the honor of making them be best calculation his guess being 640. The correct figure was 640. The correct figure was 640. The correct figure was 640.

## PREVENTION OF HOG CHOLERA

A serious outbreak of hog cholera has been reported near Edmonton, Alberta. A heavy loss has been caused by a number of farmers whose hogs have been slaughtered and it is by no means certain that the disease has been entirely stamped out. It would seem, however, that the disease can be simply prevented by the serum treatment. The following is quoted by Howard's Dairyman from the report of the county agriculturist concerning the use of cholera serum in Scott county, Iowa:

Loss from cholera when well 1.3  
hogs were treated 1.3  
"Loss from cholera when slightly affected hogs were treated 10.0  
"Loss from cholera when quite sick hogs were treated 25.0  
"Loss from cholera when very sick hogs were treated 50.0  
"Loss from cholera when hogs were not treated 85.0  
Two hundred hogs were treated during the season. A number of test cases were made to convince skeptical farmers of the value of serum, by placing immunized hogs in with hogs that were dying of the cholera, and in no case did an immunized hog die. It seems that many false reports have been circulated in that county concerning the value of the serum treatment.

The Scott County Improvement League wishes to emphasize the following points:

1. Practically all the contagious diseases among hogs in Scott County is Hog Cholera, in some of its forms, arising from the acute or quick form to the chronic or slow form.
2. No cure for hog cholera has ever been found, and there is only one preventive—the serum treatment.
3. Some farmers may think they know how to keep hog cholera from their premises for years by certain methods of feeding, breeding, disinfecting, or scurrying, but we have seen dozens of such men finally overtaken by the disease. There is no medicine or prevention of any kind, except the serum treatment, which can be relied upon. The cholera germ is no respecter of persons or methods.

## Dr. Morse's Indian Root Pills

are not a new and untried remedy—our grandfathers used them. Half a century ago, before Confederation, they were sold in nearly every drug or general store in the Canada of that day, and were the recognized cure in thousands of homes for Constipation, Indigestion, Biliousness, Rheumatism and Kidney and Liver Troubles. Today they are just as effective, just as reliable as ever, and nothing better has yet been devised to

## Cure Common Ills

Family Herald and Weekly Star of Montreal. It has pages for everyone, old and young. It is really surprising what wonderful value one gets each week in that paper. One dollar is a small sum indeed for such a vast amount of good clean wholesome reading during the year. No mistake can be made in sending one dollar to The Family Herald Office, Montreal, for a year's subscription. It will be the best New Year's Gift to the family.

Now comes the season of the year for the collection of subscriptions. We will soon be catering upon another year and as there are a number of our readers in arrears we would ask you to look at your label and if you are among the delinquents to kindly favor us with a remittance. Amount in every case is small, but when the number runs into the hundreds you will realize what it means to us. Drop into the office or send a money order.

An old bachelor bought a pair of socks, to which he found attached the following note:

"I am a young lady of twenty, and would like to correspond with a bachelor with a view to matrimony." The name and address were given. The bachelor wrote and in a few days received this reply:

"Mamma was married twenty years ago. Evidently the merchant who sold you the socks didn't advertise, or he would have sold them long ago. Mamma handed me your letter and said perhaps I might suit. I am eight

## THE CANDLING OF EGGS

As regards quality, an egg is one of the most difficult of food products to grade. Fortunately an egg is semi-transparent when held before the light and permits, if carefully rotated, of open minor defects being seen. Many appliances for candling and practical use have been invented for the detection of bad eggs, and it is very possible for anyone with a little practice to tell at a glance the main points between good and bad eggs.

In order to teach the proper methods of examination, there has been prepared, under the direction of the U. S. Stock Commissioner, a pamphlet entitled "The Candling of Eggs" by Mr. W. A. Brown, B.S.A., Chief of the Poultry Division. This pamphlet which is No. 3 of the Live Stock Division, points out clearly that the size of the air cell, the consistency of the albumen, the color and mobility of the yolk, and the general transparency of the whole egg are the factors most generally recognized as determining the quality. It also explains the cons-

## Had Salt Rheum.

## Could Scarcely Do Work.

Skin diseases are invariably due to bad or impoverished blood, and while not usually attended with fatal results are nevertheless very distressing to the average person.

Among the most prevalent are: Salt Rheum, Eczema, Tetter, Rash, Itch, Pimples, and Itching Skin Eruptions.

Burdock Blood Bitters drives out of the humor from the blood, and makes it pure and rich.

Mrs. Ellwood Nesbit, Arley, Ont., writes:—"I had Salt Rheum so bad I could scarcely do my work. I used two treatments of doctor's medicine, but they did me no good. A friend told me his wife had had Salt Rheum, and that Burdock Blood Bitters had cured her, so I got a bottle, and before I had it all taken my hand was better."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## MANLY IMPORTANT MATTERS COM- ING BEFORE FARMERS

On Wednesday Jan 21 the big con-  
vention of the United Farmers of Al-  
berta will convene at Lethbridge with  
it is expected about 1,000 delegates  
in attendance from all parts of the  
province. The convention will last  
two days.

A Special train will leave Calgary  
at 4:30 Tuesday afternoon and stop  
at every station between Calgary and  
Minnedago and Lethbridge to pick up the  
delegates.

The convention will have to deal  
with a large number of resolutions  
passed by the different locals of the  
organization and it is thought there  
will be a somewhat animated discus-  
sion over the resolution passed by the  
Strathmore local at the instigation on  
Henry Sorenson, president of that  
branch concerning the co-operative  
elevator scheme on the grounds that  
it is not a co-operative effort on the  
part of the farmers but that it has  
become a corporation affair. This is  
the policy that the farmers have been  
trying to keep away from.

In connection with the matter, the  
Carlton local has passed a resolution  
which urges the farmers of the provin-  
ce to investigate and study the or-  
ganization of the Grain Growers com-  
pany carefully so that they will real-  
ize how this body is of benefit to  
the farmers and understand that it can  
no way develop into a trust as cer-  
tain interested parties have stated.

The anticipated action of the govern-  
ment to take the duty off wheat  
will be talked over and what the  
matter of the appointment of unqualified  
men for homebased inspectors instead  
of farmers.

The Carleton local will offer the fol-  
lowing:

"Whereas, the annual convention of  
the U.F.A. have annually endorsed  
equality of women for full franchise and  
"Whereas, the best interests and pro-  
gress of the U.F.A. would be assured  
by consistent action; therefore, be it  
Resolved that section 14 of the  
constitution be amended so that our

leges of complete membership and equal  
with men in our unions on the fam-  
ily ticket basis."

A resolution by Bentley union pro-  
poses the cutting down of the basis  
of representation.

A resolution, condemning inefficient  
cattle guards on railways will be pre-  
sented by Rowley union.

Buffalo union, by resolution, will con-  
demn the press reports of crops, will  
be the Buffalo union will condemn the  
outpouring crop report as being to  
the benefit of the speculator.

A resolution by Clearwater union  
condemns the alleged dairy combines  
in Edmonton.

Lake View union will advocate the  
formation of a farmer's co-operative  
wholesale store, and co-operative mar-  
keting is advocated by several locals.

Langdon union will advocate the  
establishing of a co-operative port pack-  
ing plant at Calgary and possibly  
several other points.

Balfour union will advocate the es-  
tablishment of co-operative port pack-  
ing plant for the location of the plant at Leth-  
bridge.

Resolution of a similar nature will  
be introduced by a number of unions.

Brook Hill union will seek to con-  
demn the present street legislation  
and the Mines local union favors  
the initiative referendum and recall.

Table Butte union asks for more free  
delivery of mails.

Rowley union will ask for measures  
tending to destroy the popper pest.  
Greenhills and other unions will pre-  
sent resolutions of a similar charac-  
ter.

East Clover Bar association will  
ask that railroads be made responsi-  
ble for all live stock killed by trains.  
Strathmore union will ask that all  
elevators be compelled to install clean-  
ers.

Floral union will ask the govern-  
ment to bring about the establish-  
ment of national sugar refineries.

Lost Lake union would have the gov-  
ernment to undertake to help the  
farmer to fence his land. It suggests  
that the government furnish farmers  
with wire fencing, on long time  
payments and at low rate of interest.

Parks Prairie union will advocate  
the introduction of legislation which  
will result in cheap money to the  
farmers.

A farmers mutual fire insurance com-  
pany is one of the plans that will be  
put forward.

Sold for 60 years.

Farmers make every effort to keep  
from buying any farm machinery for  
year. It is a decision in effect for  
arm machinery holiday. Didsbury un-  
ion also demands that the Dominion  
government also turn the natural re-  
sources over to the provinces.

Corneopical and Bentley unions ask  
for more time before the primaries.

Miners Conke union asks for free  
pensions. Several other unions will  
present resolutions bearing on the  
re-emption question.

Calour union will favor the con-  
struction of a grain carrying line of  
hips with the completion of the Hud-  
son's bay railroad.

Pine Lake union favors the estab-  
lishment of a newspaper, by the U.P.  
A.

Several unions will present resolu-  
tions antagonistic to the land specu-  
lators.

Compensation for tubercular cattle  
killed by the government is advocat-  
ed by Sunshine local. Strathmore un-  
ion will favor a test for tuberculosis  
of all cattle shipped into the province.

THIS YEAR 1913

The year 1913, which closed a re-  
markably successful engagement last  
week, will go down in history as one  
of the most hostile years of modern  
times. With one or two exceptions  
and a suffragette campaign in pro-  
gress at the same time, it kept the  
world busily looking on than a small  
boy is at a circus which has three  
rings and two platforms.

The late year began depressingly,  
with the thermometer sinking in the  
pocket for much of the first three  
months. It then warmed up by easy  
stages until by July citizens were  
saying felt by flying stakes on the  
sidewalk and lawns were being  
fitted with steam gauges in all parts  
of the country. In November the year  
distinguished once more meteorologi-  
cally by blowing the shipping off of  
Lake Michigan instead of allowing it  
to withdraw by easy stages. If the  
crops of 1913 had been half as plenti-  
ful as the weather, automobile deni-  
ers would now be scratching their  
heads with a distinctly worried expres-  
sion.

In England, home rule, votes for  
women and the Olympic games fund  
raged to such an extent that a num-  
ber of new baseballs had to be  
worked in to keep the peace at home.  
In France, Sarah Bernhardt began her  
30th farewell season. In Germany  
owing to carriages in not minding  
airships with undesirable no benefits  
were accomplished by the appalling  
accidents. In China, 11,000,000 people  
were for the government, 7,000,000  
against it, and 375,000 haven't yet  
looked up the word in the dictionary.  
In Mexico, eighteen life insurance  
or companies went out of business and  
as did a large number of federal and  
municipal leaders, by request of the  
enemy.

In the United States, a Democratic  
president was installed without the  
aid of an inaugural ball and a tariff  
bill was passed in Washington inste-  
ad of in Rhode Island, as has been  
customary. The export business has  
been unusually satisfactory, including  
that of Jack Johnson, and Harry Thaw  
acted and Miners Conke union favors  
the initiative referendum and recall.

Table Butte union asks for more free  
delivery of mails.

Rowley union will ask for measures

## THE MINARET GOWN.

Hoopla! The Hoopla! It  
Is With Us Once More.

PAUL POIRIER'S FAMOUS CREATION.

This is the minaret gown that Paul  
Poirier, the famous Parisian dressmak-  
er, wishes womanhood to adopt as the  
1913-14 style of costume. The tunic of  
transparent stuff is worn with a hoop,  
and the lines of the figure show  
through. In great contrast is the nar-  
rowness of the skirt, which can be seen  
through the tunic and tapers to the  
feet.

In spite of the odd appearance of the  
gown as it first comes into the line of  
vision, the designers say that there are  
undeniably surprises and chic about it  
which will appeal to most women.

Prospective Sons-in-law.  
"How many do most mothers know  
of the men their daughters finally mar-  
ry?" asks a contributor to the Wom-  
an's Home Companion. And how  
much more friendly and trust are there  
usually between young men and the  
mothers of the girls the young men  
choose to marry? Yet I do not say as  
generalized rule that this is to be the  
fault of the young men. The mothers  
are older and wiser—should be wiser at  
least in an usual manner—yet they are  
generally slow to speak of them or  
share in them. Whether from shyness  
or jealousy or inability to express  
themselves or a forgetfulness of the  
years when they, too, were young.

"The mother who does not think her  
better wiser in all these matters than her  
daughter is rare in fact. Yet there are  
not so many mothers who are consi-  
derately helping (little) would be the  
better word, their daughters to use a  
wise and rational choice. Perhaps  
most mothers have a hope that when  
the time comes they may be allowed  
to choose for their daughters of their  
and they fail to realize that almost  
their whole duty lies in fitting them to  
choose for themselves."

Malines Frills For Plain Frocks.  
Provided they can be kept fresh  
looking, there is no easier way of  
dressing up the plain little frock in  
serge or dark silk which nearly every  
girl has for early autumn wear than a  
wrist, neck and waist set in white  
malines. The wristlets are merely  
very full three inch wide frills, shirred  
on to narrow ribbons, by which they  
may be attached to cuffs, waists and  
the collar consists of two frills—  
one of three inch width overlapping  
one of four inch—at the center of the  
back. There they are wired to stand  
up, whence they taper gradually to  
beneath the chin, where they lie flat  
and are secured under a narrow velvet  
puff bow. The waistline is a half-  
shaped affair of finely tucked malines  
extending from the shoulders to be-  
low the bust and further lengthened  
and widened by a three inch frilling.

A Stenciling Hint.  
Few people realize that certain  
curtains should always be stenciled on the  
wrong side. These curtains, done in  
the pale rose, blue or green, and  
considerably to the beauty of a bed-  
room, and the ones done in the dark  
tones are quite suitable for living  
rooms. However, when they are done  
on the right side and hung at a win-  
dow the outside or wrong side is with-  
out design, while if the stenciled side  
is hung next to the window the light  
shining through the curtains gives the  
effect of having been stenciled on both  
sides. Many people use the screen cur-  
tains for bonder of bedroom during  
the entire winter.

Uses Time Well.  
A young business woman who works  
until 4 o'clock each afternoon, passes  
one afternoon a week from 4 until 8  
at a public library reading the cur-  
rent magazines and "keeping posted,"  
as she puts it. Nothing is allowed to  
interfere with this standing engage-  
ment, and the girl who has tried de-  
clares that it is really quite remark-  
able who for lot of reading one can get  
into two hours a week when it is done  
regularly.

## JUDICIAL SALE OF FARM PROP- ERTY

PERSUANT to a judgment and  
final order for sale there will be sold  
with the approbation of the Master  
in Chambers, or a Judge of the Sup-  
reme Court of the Province of Al-  
berta, by George L. Owen, Auction-  
eer, at the Auction Room of George  
L. Owen, Wetaskiwin, at 2 p.m. on  
Saturday the 17th day of January, A.  
D. 1914.

The Northwest Quarter of Section  
Thirty (30), Township Forty-seven  
(47), Range Twenty-six (26), West of  
the Fourth (4), Meridian, in the Prov-  
ince of Alberta, containing (100) One  
Hundred and Sixty acres, more or  
less, subject to the reservations and  
conditions contained in the original  
grant from the Crown, or in the exist-  
ing certificate of title.

THE PLAINTIFF is informed of the  
following particulars:  
The lands are situated about three  
(3) miles from the Post Office of Pa-  
tieville, Alberta, about Eighteen (18)  
miles from the station of Millet and  
Twenty (20) miles from the City of  
Wetaskiwin. About Eighty (80)  
acres are arable and of these Fifteen (15)  
acres have been broken, but not cul-  
tivated for the last two or three  
years, the remaining Sixty-five (65)  
acres being, with the exception of  
small open patches, covered with brush  
and good prairie wood. The remaining  
Eighty (80) acres are low, which if  
properly drained would make excel-  
lent hay land and on which, in its  
present condition, considerable hay  
could be cut in dry years. The lands  
are fenced along the South Boundary.  
There is a small log house and log sta-  
ble on the lands.

The property will be offered for sale  
subject to a reserve bid. The purchas-  
er is to pay 10 p.c. of his bid to the  
Vendor or his solicitor at the time  
of the sale, and the balance of  
the sale, and the balance without  
interest, into Court, within  
sixty (60) days. In all other respects  
the terms and conditions of sale  
will be the standing conditions of the  
Supreme Court of Alberta.

Further particulars can be had from  
Messrs. Robertson, Macdonald & Wink  
ler, 254 Jasper Avenue, E., Edmonton  
Alberta. Solicitors for the Vendor.  
DATED at Edmonton, this 5th day  
of December, A.D. 1913.

ALEX. TAYLOR,  
Clerk of the Supreme Court.
